- Teaching Assistant, PhD. Student **Gabriela Gheorghiu**, Faculty of Economic Sciences, “Ovidius” University of Constanta, Romania;
- Lecturer, PhD. **Cătălin Ploae**, Faculty of Economic Sciences, “Ovidius” University of Constanta, Romania;
- Lecturer, PhD. **Margareta Udrescu**, Faculty of Economic Sciences, “Ovidius” University of Constanta, Romania.

FOREWORD

*The present volume is the 10th edition of “Ovidius University Annals: Economic Sciences Series”. It contains the proceedings of the 6th edition of International Conference “Present Issues of Global Economy”, organized by the **Faculty of Economic Sciences, OVIDIUS University of Constantza** in collaboration with the **Association of Romanian Economic Faculties (AFER), The Scientific Society of Management Romania (SSMAR), Association for Tourism and Leisure Education (ATLAS), and L’Agence Universitaire de la Francophonie (AUF).***

I wish to thank all the authors for their participation to the proceedings of the International Conference, which has become a significant event of our academic community’s life and hopefully an outstanding moment for mutual cross disciplinary change. This year’s proceedings provide an overview of the critical issues dealing with international affairs, European integration, regional development strategies, economics, economic informatics, marketing, management, finance, and accounting.

I believe the reader will find in the present volume an impressive document of progress to date in these rapidly burgeoning fields. The problems at hand are formidable, intricate, and difficult but with time not unsolvable. The papers have pinpointed current thinking and new leads for future work.

I am sure that this volume through contact details included for each author facilitates greater cooperation between authors within and outside Romania, allowing a fruitful exchange of ideas and the cross-fertilization of research.

Finally, sincere appreciation and gratitude are expressed to our colleagues for their diligent efforts to improve the scientific status of “Ovidius University Annals: Economic Sciences Series”, that for the first year have been ranked B⁺ by CNCSIS and indexed in International Databases (RePEc, DOAJ).

Dănuț Tiberius EPURE

Dean of the Faculty of Economic Sciences
