

ADMISSION CRITERIA FOR MASTER'S STUDIES

English-taught Programme

Admission is based on a competitive exam, within the number of seats allocated by the Ministry of Education, in descending order of the general admission average.

General Admission Average:

- 80% final GPA from undergraduate studies
- 20% score obtained in the essay evaluation

Candidates must write an essay (500–600 words) on one of the topics listed on the faculty's notice board and website. The essay is a mandatory part of the admission and will be graded from 1 to 10. It must be handwritten in English, uploaded in PDF or JPEG format on the admission platform at the time of registration, and must be dated and signed by the candidate. The signature serves as confirmation of originality.

Candidates must hold a nationally/internationally recognized English language certificate (as mentioned in the UOC Admission Regulations) or must pass the English proficiency test organized by the Faculty of Letters at UOC. The minimum accepted level is B1. Candidates from English-speaking countries or those who have previously studied in English (proven through official documents) are exempted.

In case of a tie for the last available seat, the following tie-breakers will be used, in order:

1. The average grade over the course of undergraduate studies;
2. The average of the final year of undergraduate studies.

Candidates with a minimum admission average of 6.00 (six) will be declared admitted.
